Ideas for Use:

- 1.) Use editable labels to make name labels for your entire class.
- 2.) Attack every pile on your desk with ease.
- 3.) Separate your needed copies by using our days of the week and/or months of the year labels.
- 4.) Use our “hot mess” or “avoid me” labels on Fridays to corral piles to deal with later.
- 5.) Use our alphabet labels to organize your file cabinets.
- 6.) Make two copies of each page to make your binder clips double-sided!
- 7.) These also make great gifts for your teaching partners.

Have fun! Get organized! Blaze your paper trail!
